PennDOT Cameron County Maintenance Work Schedule for the Week of July 29

Clearfield, PA – The Pennsylvania Department of Transportation (PennDOT) announced the following schedule of maintenance activities in Cameron County the week of July 29. PennDOT performs year-round maintenance in its mission to provide a safe, efficient transportation system, and the scope of work in Cameron County for the coming week is as follows:

Manual Patching

- Route 872 (First Fork Road) between Brooks Run Road and the Cameron-Potter County line. Monday, July 29, through Friday, August 2. Flaggers in the roadway will provide traffic control during daylight hours.

Most permanent pothole patching is completed in the spring/summer when temperatures stay consistently above freezing. If maintenance crews were not repairing potholes, the road surface would break up further and require more expensive corrective measures.

Vegetation Management

- Route 120 between the Elk-Cameron County line and the Cameron-Clinton County line. Monday, July 29, through Friday, August 2. Flaggers in the roadway will provide traffic control during daylight hours.
- Route 155 (Sizerville Road) between Emporium and the Cameron-Potter County line. Monday, July 29, through Friday, August 2. Flaggers in the roadway will provide traffic control during daylight hours.

Mowing, herbicide spraying, and selected tree thinning help maintain a safe roadway free of obstructing vegetation, improving visibility to spot signage, traffic control devices, and other motorists, bicyclists, pedestrians, and animals approaching the road. Additionally, a well-maintained roadside can improve drainage and prolong the life of the roadway.

This schedule is subject to change due to weather conditions, emergencies, or other unforeseen interruptions.

Customers can report road concerns by calling 1-800-FIX-ROAD. If calling after hours, please leave a name and phone number.

For more information on PennDOT's maintenance activities, visit www.PennDOT.pa.gov/about-us/maintenanceactivities.

Motorists can check conditions on major roadways by visiting www.511PA.com. 511PA, which is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information and access to more than 1,000 traffic cameras. 511PA is also available through a smartphone application for iPhone and Android devices, by calling 5-1-1, or by [following regional X alerts](#).
