PennDOT Elk County Maintenance Work Schedule for the Week of July 22

Clearfield, PA – The Pennsylvania Department of Transportation (PennDOT) announced the following schedule of maintenance activities in Elk County the week of July 22. PennDOT performs year-round maintenance in its mission to provide a safe, efficient transportation system, and the scope of work in Elk County for the coming week is as follows:

Pipe Replacing & Cleaning

- Route 219 (Buffalo-Pittsburgh Highway) between Johnsonburg and the Elk-McKean County line. Monday, July 22, through Friday, July 26. Flaggers in the roadway will provide traffic control during daylight hours.

Pipe replacement and cleaning are essential in maintaining water flow around state roadways. Controlling water flow is one of the most important aspects of maintaining pavements. Uncontrolled water flow will damage both the pavement surface and the area under the pavement, which causes deterioration across the length of the pipe.

Side Dozing

- Route 4003 (Long Level Road) between Route 948 and Silver Creek. Monday, July 22, through Friday, July 26. Flaggers in the roadway will provide traffic control during daylight hours.

Side dozing removes excess material from beneath guide rail areas, which improves drainage and allows water to sheet flow off the roadway. Side dozing is a crucial highway maintenance operation because when drainage systems do not function properly, water collects on the road, weakens pavement, accelerates the formation of potholes, and creates the potential for icing conditions in the winter months.

This schedule is subject to change due to weather conditions, emergencies, or other unforeseen interruptions.

Customers can report road concerns by calling 1-800-FIX-ROAD. If calling after hours, please leave a name and phone number.

For more information on PennDOT's maintenance activities, visit www.PennDOT.pa.gov/about-us/maintenanceactivities.

Motorists can check conditions on major roadways by visiting www.511PA.com. 511PA, which is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information and access to more than 1,000 traffic cameras. 511PA is also available through a smartphone application for iPhone and Android devices, by calling 5-1-1, or by [following regional X alerts](#).
